## PROFESSIONAL DEVELOPMENT SPEAKER SERIES

### PROFESSIONAL DEVELOPMENT ACADEMY

The National Dissemination Center for Career and Technical Education located at The Ohio State University, in collaboration with the Office of Career-Technical and Adult Education at the Ohio Department of Education, and The Ohio State University Chapter of Omicron Tau Theta present the 2001-2002 Professional Development Speaker Series.

The Professional Development Speaker Series is designed to create an interactive learning environment and be used to enrich the professional development experiences of secondary and postsecondary career and technical educators across the country. With the rapid increase of information and the technology revolution it is imperative that career and technical educators have an opportunity to engage in dialogue with creative and knowledgeable individuals on a continuing basis.

#### Come to the Presentations

Career and technical education professionals are invited to participate in the presentations and interact with the presenters at the Longsberger Alumni House on The Ohio State University Campus (South of the Fawcett Center), 2200 Olentangy River Road, Columbus, Ohio, 43210. Parking is available in the lots between the Fawcett Center and the Longsberger Alumni House.

#### Live and Archived Webcasts

All presentations will be available via live and archived webcasts on this webpage. The live webcast presentations will begin at 3:00 PM (EST or EDT) and will end at 4:30 pm (EST or EDT), unless otherwise noted. You may choose to view the webcasts as an individual or form an interest group to have a discussion about the issues raised by the speaker. In addition, a series of discussion questions and activities, based on the presentations, will be available on the website for organizations to use as professional development sessions with secondary and post-secondary staff and administrators.

# **Exemplary Program Evaluation Criteria**

- Program Quality
- Education Significance
- Evidence of Effectiveness
- Replicability and Usefulness

# Discussion Panel on Webcast

- Merits of being identified nationally as an Exemplary CTE program
- Tips in submitting an application
- Lessons learned regarding the key features of excellent workforce programs
- What it takes to demonstrate effectiveness in terms of outcomes data collection

# **Additional Opportunities to Learn about Exemplary Programs**

Additional NCCTE Web casts  
February Regional Conferences  
Summer Conference

# **Exemplary Program Applications for 2003**

- Nomination precedes application
- Self and State Office nominations
- ADE will sponsor kickoff
- Due late Spring 2003

# TIPS for Success

1. Use NCCTE materials as a benchmark tool in local program evaluation
2. Access all resources at NCCTE
3. Identify partners to assist with application
4. Access all available data for application
5. Make a site visit to an Exemplary Program
